### PROTOCOL FOR IDENTIFICATION OF CONTAMINANTS OF CONCERN - JEE-0179-92

Attached please find the Protocol for Identification of Contaminants of Concern (COCs) for submittal to the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH). This protocol will serve as the basis for development of Technical Memoranda that identify COCs at all Operable Units (OUs). We recommend submitting the protocol to EPA and CDH for concurrence before initiating substantial work on the OU 1 COC selection process.

If you have any questions concerning this information, please contact D M Smith at extension 5958 of the Remediation Programs Division.
